*Summary

I am currently pursuing an M.C.A with a keen focus on full stack web development, particularly in MERN stack. I excel at building intuitive web applications and am committed to improving my coding skills. My technical expertise includes JavaScript frameworks, databases, and API integration. I continuously seek to enhance my learning through practical experiences and projects while adhering to best practices in web development.

*Education

M.C.A – Full Stack Web Development

Parul University
Vadodara, Gujarat, India
(08/2024 – 08/2026)

B.C.A-Bachelor of Computer Application

T.P.S College, Patna
Patna, Bihar, India
(08/2021 - 06/2024)

12th – BSEB

R.K. Dwarika College, Lohiyangar,
Patna, Bihar, India
(08/2019 - 08/2021)

10th – BSEB

High School Noor Sarai, Nalanda
Bihar, India
(09/2018 - 08/2019)

*Certifications

Technical Certificates

Earned multiple technical certificates including MERN Stack, DSA, English Communication, and Data Science Using Python with a score of 79/100 from NPTEL.

*Key Achievements

Key Projects

Developed a real-time crime awareness system and a MERN-based platform for movie ticket booking, showcasing my capability in full-stack development and impactful projects

*Interests

Personal Interests and Hobbies Learning new technologies and exploring modern web development trends

* Skills

Frontend Development:-

* HTML CSS JavaScript React Tailwind CSS

Backend Development

* Node.js Express.js MongoDB REST APIs SQL Java

Deployment & DevOps

* GitHub Vercel AWS CI/CD Basics

Other Tools & Concepts

- * Clean Code Practices *
- * Data Structures & Algorithms (DSA)
- * Version Control (Git)
- * Problem Solving
- * Debugging & Testing

* Projects

Crime Awareness Portal (MERN)

- > A platform dedicated to increasing crime awareness and reporting mechanisms.
- > Built a real-time crime awareness system for reporting crimes and missing persons
- > Implemented JWT authentication, image uploads (Multer), feedback system, and forum discussions
- > Designed responsive UI using React, Tailwind CSS, and Lottie animations
- > Integrated admin panel for crime verification and user management

* Movie Ticket Booking System (MERN)
