LinkedIn: linkedin.com/in/gautam-kumar-02649229

Brief Summary

Currently pursuing MCA with a focused interest in MERN Stack Development. Proficient in building end-to-end web applications using JavaScript, React, Node.js, and MongoDB. Passionate about clean code, responsive design, and continuous learning.

Key Expertise

Java — JavaScript — ReactJS — SQL — AWS — MongoDB — REST API — API Testing

Education

Parul University   2024 – 2026
M.C.A – Full Stack Web Development (PICA)   **CGPA: 8.10 / 10**

T.P.S College, Patna   2021 – 2024
Bachelor of Computer Application – Computer Science   **76.60%**

R.L.D Narvika College, Lohiyangar, Patna, Nalanda   2021
12th – BSEB   **75.60%**

High School Noor Sarai, Nalanda   2019
10th – BSEB   **71.83%**

Projects

Crime Awareness Portal   Dec 07, 2025 – Dec 25, 2025
Team Size: 3
Tech Stack: ReactJS, MongoDB, Express.js, Node.js

- Built a real-time crime awareness system for reporting crimes and missing persons.
- Implemented JWT authentication, image uploads (Multer), feedback system, and forum discussions.
- Designed responsive UI using React, Tailwind CSS, and Lottie animations.
- Integrated admin panel for crime verification and user management.

Movie Ticket Booking System   Oct 05, 2025 – Oct 12, 2025
Tech Stack: ReactJS, MongoDB, Express.js, Node.js
Project Link: GitHub
Live Host On Versel Link: https://online-movie-ticket-booking-system-theta.vercel.app/

- Developed a MERN-based platform for browsing movies, selecting seats, and booking tickets.
- Implemented secure user authentication, real-time seat updates, and admin controls.

Achievements

- Earned multiple technical certificates and academic achievements.
- I have many certificates like MERN Stack , DSA, English Communication
- Data Science Using Python From NPTL 79/100

Extra Curricular Activities

- Actively participated in technical and college-level events.

Personal Interests / Hobbies

- Learning new technologies and exploring modern web development trends.
